THE WEEKLY DIGEST

Volume 43—Number 10 Section TWO Week of March 4, 1962

INDEX TO VOLUME 42

July Through December 1961

As you know, items in QUOTE, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of QUOTE, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Accomplishment—25-1;" tells you that an item on Accomplishment will be found in the twenty-fifth issue of QUOTE under index number 1.

One or more letters, following an issue number, refers to material in regular departments. For example: "Bible—13-GB;" indicates that an item on the Bible appears in *Gem Box* in issue number 13. The reference to "Moon—12-MM;" means that an item on that subject appears in *Mining the Magazines* in issue 12. The reference to "Sports, Fishing—3-b;" means that an item on that subject will be found in the regular *Good Stories* section of issue 3 under index letter b.

Quotations in the section *May We* QUOTE *You On That?* are also numbered consecutively. In the index, a reference such as "Foreign Aid—6-5Q;" refers to a quotation on that subject in the sixth issue, numbered five in the *May We* QUOTE . . section. When the letter t follows the Q as in the reference "Radio—9-1Q-t;" it indicates the special *Quote-ette* feature in issue 9. A complete list of department abbreviations appears below:
